Local government employees often have to do more with less, in terms of staffing, budgets, and time. Effective delegation helps leaders make the most of those resources. Delegation serves as a critical nexus between time management, employee development, and workforce engagement.

RGS' Effective Delegation webinar provides an opportunity for leaders and staff to learn how to delegate effectively and/or fine tune existing delegation skills. In this workshop participants:

- Evaluate their own delegation skills
- Define effective delegation
- Discuss benefits and barriers to delegation
- Learn about successful delegation practices
- Plan their next delegation

RGS webinars are not typical "sit and listen" workshops. These are live, instructor-led courses, with multiple opportunities for interaction, asking questions, and getting feedback on individual situations. We build a variety of participation methods into our courses.
