Local government leaders often have to do more with less, in terms of staffing, budgets, and time. Effective delegation helps leaders make the most of those resources at the nexus between time management, employee development, and workforce engagement.

Learn how to delegate or fine-tune existing delegation skills. In this workshop participants will:

- Evaluate their own delegation skills
- Define effective delegation
- Discuss benefits and barriers to delegation
- Learn about successful delegation practices
- Plan their next delegation

RGS webinars are live, instructor-led courses, with multiple opportunities for interaction, asking questions, and getting feedback on individual situations.
